You walk into high school that first day with **bright eyes** and **big dreams**, yet you are unsure of what the next several years will hold. You wonder if you will have someone to sit with at lunch or if you will be able to navigate the busy halls amongst upperclassmen who look more like skyscrapers than classmates. Even though the future is unclear, you know one thing is certain: Oxford High School is the place where you are going to figure out **who you are.** You are going to leave this place with your diploma in hand and you will confidently walk out the front door with your head held high and with a **sense of purpose.**

Before exiting Oxford High School for the last time, you will spend the next four or five years figuring out how you can **leave your mark** on this place. You might leave your mark in the community through a **service project.** You might leave your mark as the **president of a school club.** You might leave your mark on the **athletic field.** You might even leave your mark on a **teacher or classmate** by being a kind and respectful member of the school community. You are all unique and you all leave an impression on those around you.

Throughout this book, you will see snippets of students just like you who did extraordinary things. These remarkable students demonstrate that you all have your own story to tell.

You all will find a way to **Leave Your Mark.**

We all need a Ms.Looby in our lives. Someone who will tell you what you need to hear rather than what you want to hear, all because she cares. She is the best person to talk to and she gives the greatest advice. She has taught me many valuable lessons that I will carry with me into my future endeavors. Ms.Looby has positively impacted so many lives and will continue to do so. I have looked up to her as a role model since freshman year and I'm forever grateful that I got the chance to get to know her. Ms.Looby has been there through thick and thin and I could not be more thankful to have had such an amazing advisor all four years. She is the epitome of a great teacher, advisor, and nacho chef. Thank you for always putting a smile on my face with one of your sarcastic comments and thank you for continuously being a good listener. I will always look back at this point in my life very fondly and will remember her as being one of my most important mentors.

Thanks a million,

Bailey Brescia

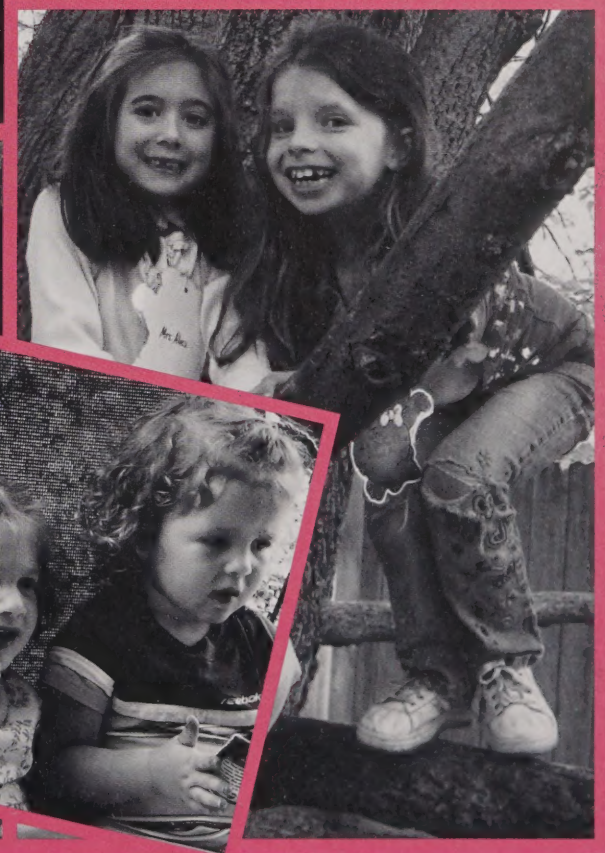
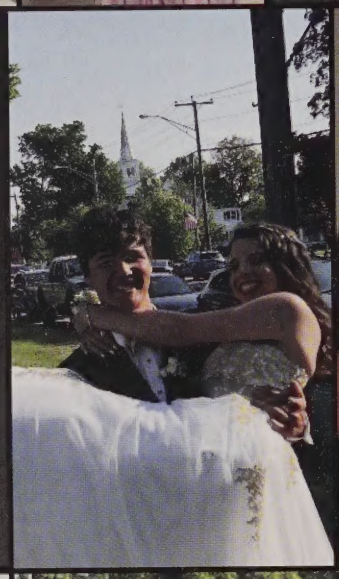
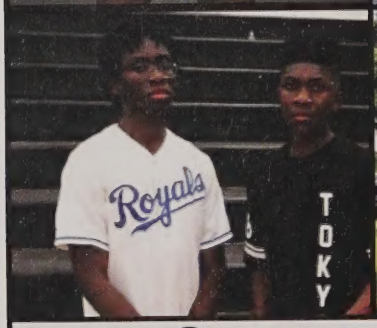
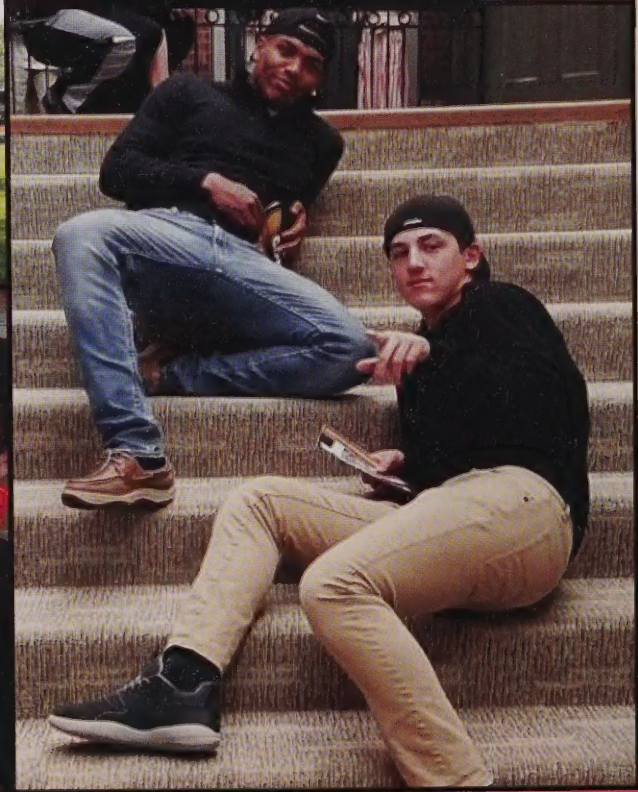
They Grow Up So Fast!

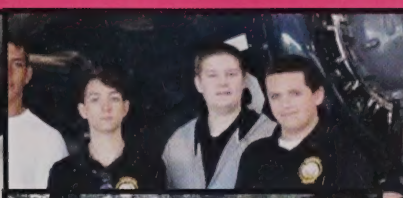


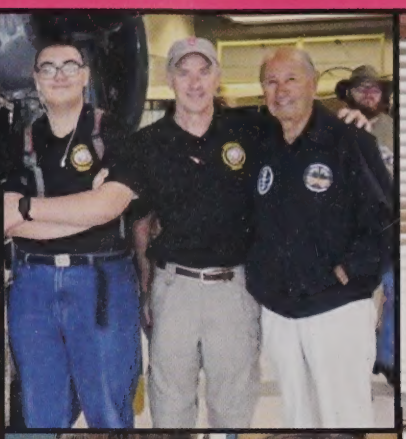
Flashing Through High School

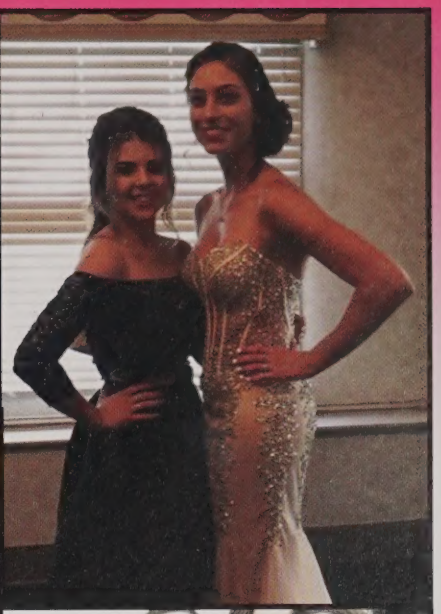


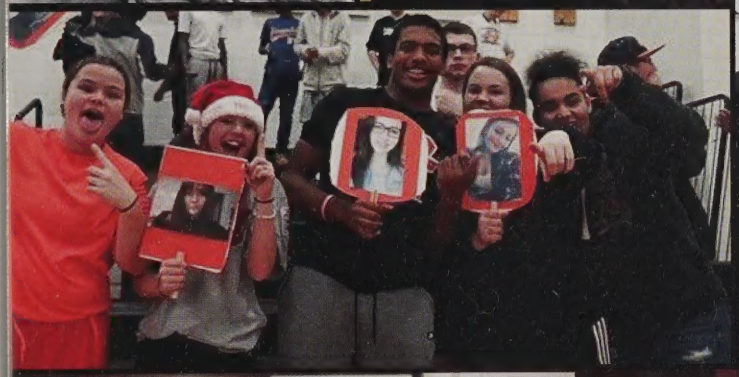












SENIOR OFFICERS

Fellow Seniors,

These past four years have been quite a ride. From the nachos at homecoming to awkwardly standing in the middle of the gym trying to do our last "skit" for pep-rally, we truly have grown as a class. As class officer,s we all agree that as foolish immature freshman, we definitely had no idea what was coming our way. It's October of our senior year now and all these "deadlines" are piling up. Just remember: whether you go to college, the military or into the work force, the class of 2019 truly believes in you. Together, we have made it twelve years. Now we must go the rest of our lives without each other. We will do it, we will leave our mark. See you at alumni night.

Ttyl!

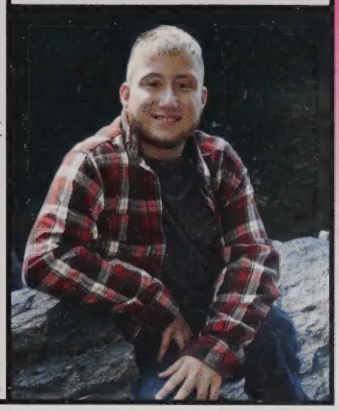
Quote: "Cheaters never win... but I just graduated."

Seniors Who Left Their Mark

"I rebuilt an old Science & Nature cabin at Clara Barton Diabetic camp. The camp wanted to bring the STEM program back and asked me to help fix up one of their old buildings that they used for storage. I also cleaned up an outside area for the girls to sit and enjoy nature and I cleaned up a trail that goes around the camp. That part wasn't a part of my project, I thought that it just needed to be cleaned up too."

Max Zostant: Eagle Scout

Joshua White



Nickname: Rockstar
Activities: Hockey, Football, Baseball, Best Buddies

Bucket List: Travel around the world, Own a Tesla, Be successful & Enjoy lif
Quote: "The learning of a failure is as equal to the victory." - Gary Vaynerchuk

Sean Janerico: Eagle Scout

"My Eagle Scout project was the restoration of the Oxford High School baseball field. The project lasted for three days and there was around 250 hours put into the overall project. The field has never looked better and the team played on the field this past year. I learned many skills, such as leadership and communication, which has helped me succeed in this goal. Our school can't wait for the season and the be able to use the field, so I couldn't be happier."

Would You Rather?

First off, everybody hated High School. Let's cut to the chase: seniors don't want to be a **freshman in High School** again, they want the good stuff. Put them in **senior year of college**

But don't get them wrong, **Middle School** was too hard so seniors decided they would rather cut to the chase and start over **High School**

Seniors also like to pretend they do their homework and chose to have **regular school time and homework** rather than **less homework and extended school days**... weird.

After turning in applications they also realized that grades actually do matter and would rather **pay attention in class and get good grades** rather than **goof off and get subpar grades**

Everyone can agree, **math** SUCKS.So seniors will take **english** class over that any day, thanks though

Now lets be real, **Mr Craig and Mr.May** are too involved with each other that the seniors are convinced they would rather have dinner with **Mrs.Ripley and Ms. Klimczuk.**

Sorry **Coulson,** apparently you are too much. No one wants to have dinner with you, **Frykberg** won this time.

On a serious note, the need for those streaks on **Snapchat** is more important than **texting.**

They also can't stand learning anything, so rather than read the **dictionary**. lets spend the rest of our lives reading **all seven books of the Harry Potter series.**

Apparently Seniors want to have their prom in the **gym** rather than the **community room**? Playing it safe I guess.

Making Up OHS

Juniors

Class Officers (left to right): Suzie Lambert, Sarah Kersting-Mumm, Peyton Coonan, Molly Cook
Class Advisor: Ms. Castonguay

One more year to try and leave our mark. Junior year was eventful and the start of us planning for our future. Last year, we put on a shoe drive and had the goal of collecting 100 bags of shoes. We ended up surpassing our goal and collected 126 bags!! As for this year, participation has gone up, and it has been amazing to see our class come together. Luckily, we were able to have a booth at both fall festival and homecoming this year, which definitely helped pay for prom. We have been planning and working on making our first prom a memorable one. Overall, the year has been an eventful part of our journey and I hope that the class as a whole has the best senior year!!!!

Selected for the Telegram & Gazette All Star Super Team
"During my time as a football player for Oxford High School, I have received many compliments, but this one by far is been the most significant to me. Being picked for this All Star Team shows me that hard work pays off. I've had some ups and downs injury wise, but with the help of my teammates and coaches, they help me push forward and overcome the challenges and get me back on the field, better than I was before."

Sophomores

Class Officers (left to right): Tyler Jacques, Declan White, Delaney Kudron, Sam Kann
Class Advisors: Mrs. Looney, Mr. Janerico, Ms. Nugent

First of all, I would like to thank Mrs. Looney, Mr.Janerico, and Ms. Nugent for their continued support and time that they put into the class. I would also like to reflect on our success with our grilled cheese business. My hope for the coming years is that our class comes together and makes the rest of our high school years the times of our lives. Keep calm and cheese on.

"I have been playing guitar since I was 8 years old. What I quickly grew to love was that it was something I could do to be creative with others as well as on my own. It was when my younger sister began to start playing drums that the beginning of Evil Felipe was formed. One of our first public performances was here at OHS in 2016 at Oxford's Got Talent. Since then, we have gone on to play award winning performances, festivals and legendary rock clubs. Playing guitar and writing music gives me a sense that I am a part of something that allows me to be myself."

Another chapter in our story at OHS is done. Freshman year is over. This past year has been filled with firsts. A year where most of us started to figure out who we are and who we want to be.

I'm so thankful that I had the opportunity to be the freshman class president for the 2018-19 year. Thank you so much to my fellow officers for being so amazing and welcoming me as a new member of our class office. I'm so proud of us for pushing through this year and coming out strong in the end of it.

Have a great summer!

8th Grade

Class Officers (left to right): Claire Crossman, Genevieve Bartlett, Iska Biedrzycki, Matthew Szela
Class Advisor: Mrs. Kniskern

Despite the nervousness of coming to a new school, us 8th graders put in so much teamwork and effort this year into making the class of 2023 the best it can be! I am beyond proud of how close and united our grade has gotten and how much we've accomplished in such little time. For Homecoming, we sold yummy waffles and had so much fun preparing our booth. We won 3rd place for our decorations during the Thanksgiving Pep Rally. Everyone in our grade showed spirit by either donating supplies, wearing or helping decorate our section (which was very purple btw.) We also sold baked goods at the fall festival and DIY ornaments at the Santa's Breakfast. Around the holidays, we spent weeks planning, painting and cutting out characters and scenes from "Rudolph the Red Nosed Reindeer" to decorate a hallway for the annual "Deck The Halls" competition. Our class's hard work was well worth it considering we took 1st place! I am so thankful to have had the opportunity to be president of the class of '23 this year and I look forward to seeing how much more successful, extra and snazzy we will get in the next 4 years!

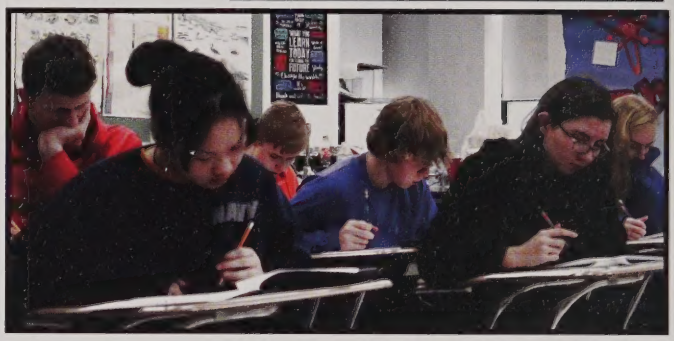
Academics

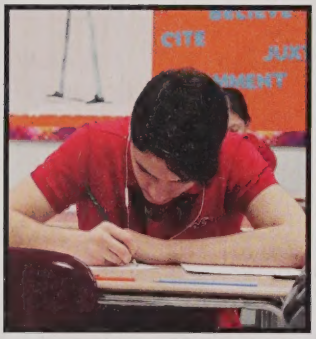
Striving For High Marks

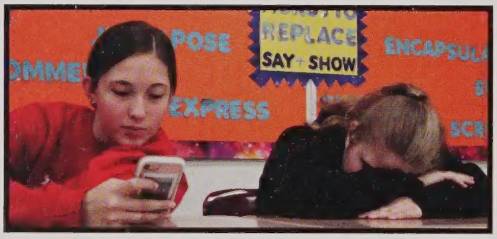
So... What goes on at school?

First, we pile up like sardines in the foyer...

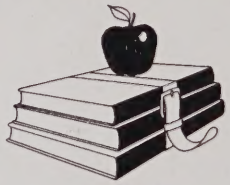


Then we go to class.. awake or not

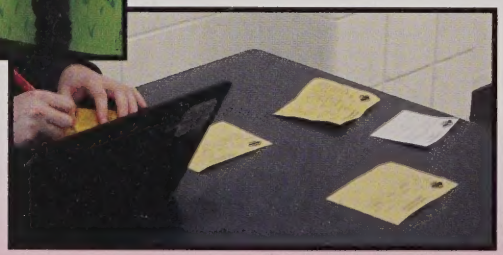




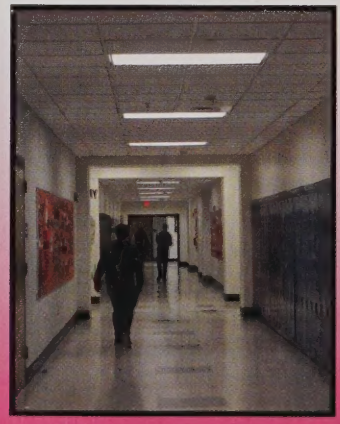
We get stuck taking tests



Sometimes going to the bathroom is just so difficult



That we end up wandering the halls



And saying hi to our friends

At least she is getting exercise in the brain?

Even in gym we can't focus on the task at hand

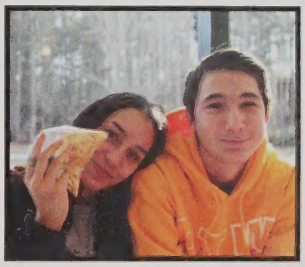
I guess it was just too hard for him.. no motivation

In the end... we are never ACTUALLY awake, focused or at all caring about the situation

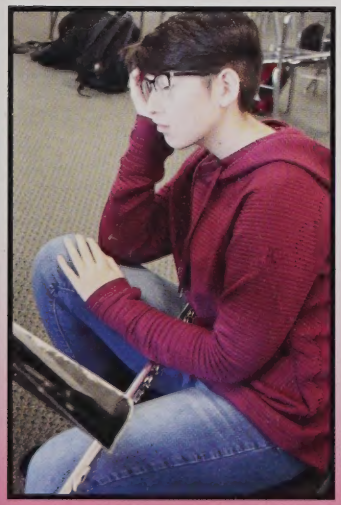
Or rebellious...

Sometimes we work...

Or just relax alone with some Netflix



Once lunch comes around, we are a little more cheerful



Other times we go back to our usual ways..

Or we sit contemplating the meaning of life

Published Artist in *The Marble Collection*

"It was truly an honor to have my piece showcased in the Marble Collection. People say by doing this I left my mark on OHS, but it's actually the other way around. I would've never accomplished this feat without the support of the OHS Art Department and my closest friends. I worked so hard to "leave my mark" on OHS, but I only managed to by having OHS leaves its mark on me."

Best Buddies

"Best Buddies is an organization that creates one to one friendships with students, and with students that have intellectual developmental disabilities, or IDD's. It's also an organization that the end goal is to make sure that schools do not need a club to support peer friendships and inclusiveness. This goal can only be achieved if everyone is kind, inclusive, and accepting of others. We as a chapter are "wicked inclusive" and promote friendship throughout the school. Some of the friendships made in out club are unbreakable and truly define friendship. It has been an honor to be this year's president and I cannot wait for the years to come!"

-Peyton Coonan, President

Student Council

Student Council is a club with some of the greatest leaders in our school. Each student involved strives to carry out the best school events, activities, and service projects. This year I was elected as Student Council President! As a junior, I never thought I would be given the opportunity to lead the best leaders in the school! Every student involved works so hard to make Oxford High School a better place and are all so committed to the projects that we take on. It has been an amazing experience to be President this year, and hopefully I get to do it all over again next year!!

National Art Honor Society

"Art Allstate is a two-day Art conference for Junior artists across Massachusetts, and I was honored to be one of the two students to be nominated for Oxford High School to send in an application and receive an interview. Nonetheless, I was one of the 150 kids chosen to go. The whole process started when I was informed in late 2017 about this opportunity and it immediately piqued my interest, especially since the school that hosted this event was my top college. The whole experience was more than wonderful; it was just satisfying to be able to work with like-minded artists on a collaborative installation reflecting humanity's relationship with nature. The long two days tested my leadership skills, teamwork, and creativity."

Bowling

"When I joined this club, I was thinking that I was going to get gym credits. But I gained something equally as good, social skills or "Fun Credits" as Ms.Castonguay would say. Bowling is a really fun "sport" to play with friends. Even at the games, if we don't win you will see everyone with a smile on their face from the fun they had. If you are interested in just having fun with some new friends and throwing some balls at some pins, I highly encourage joining the bowling team. I had an amazing experience the past two years with Ms.Castonguay and everyone on the bowling team. #MakeBowlingMIAA "

Top Fundraiser in the State

"It was so exciting to be the top student Polar Plunge fundraiser in Massachusetts this year. Special Olympics is such a great organization to donate to. The amount of support from the school and community was amazing! I am very proud to be a part of this school community."

Every year, the OHS Student Council raises money for the Polar Plunge, with the money going to Special Olympics. This year, OHS raised $6,661, making Oxford the #1 school in the state for the 5th year in a row!

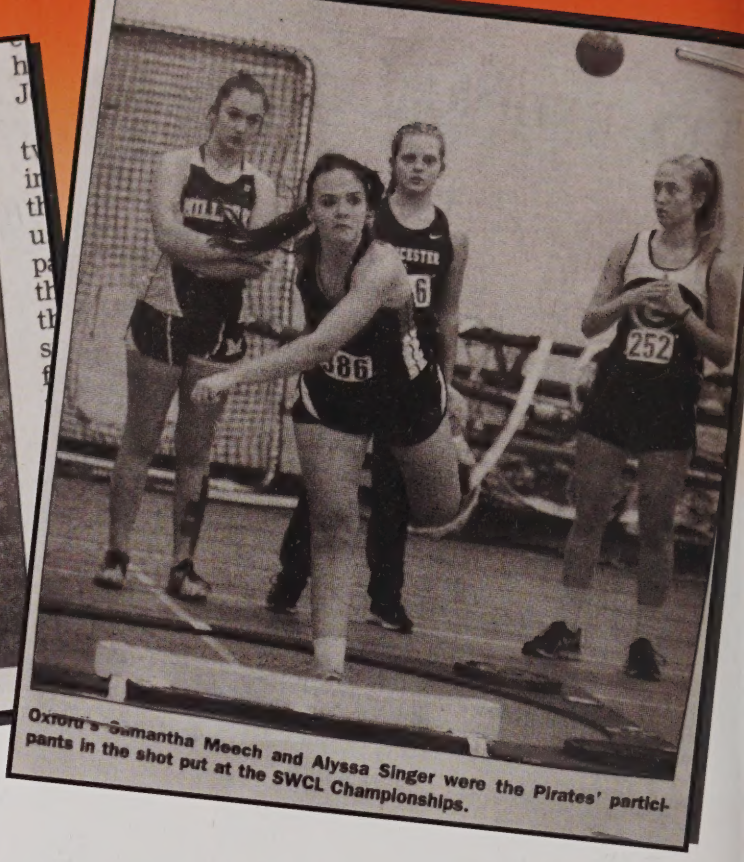
Senior Week & Graduation

Olotu Wariebi of Oxford winds up to fire the ball up the field.



Oxford's Samantha Meech and Alyssa Singer were the Pirates' participants in the shot put at the SWCL Championships.

"I had the opportunity to play with some fantastic athletes in my last four years at OHS. It is an honor to be part of the 1000 point club. It's something I will carry with me forever. Many thanks to my family, a great coach who believed in our program and amazing teammates that made it possible. I will be attending Nichols to continue my basketball career!"

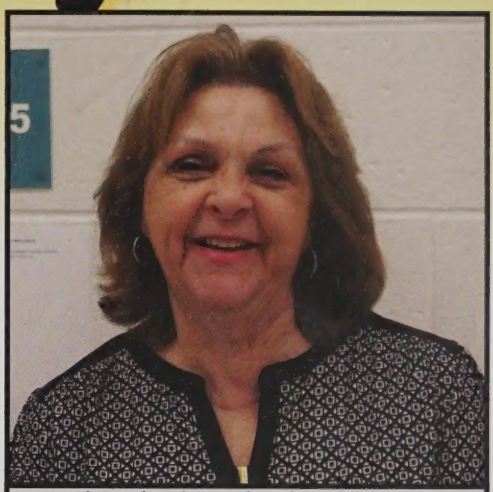
"I hope to be that person that students can turn to with their problems and to look for guidance, even after they graduate. I hope to be that person that students have fond memories of years down the road, and they remember me as someone who made a positive impact in their lives."
-Ms. Castonguay

#dosmallthingswithgreatlove
-Ms. Nugent

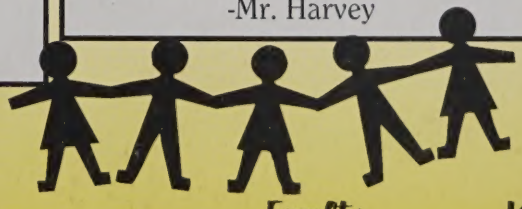


"When looking back, I hope the students remember me as being the person that always tried to help them when I could. If I didn't have the answer to their issue, I tried to get it for them. I would like to leave OHS I made a difference in the lives of the students and staff/faculty. To the world, I hope people think of me as friendly & kind.
-Mrs. McDonald

"I hope that students who have been in chorus realize that there is much more to music than first meets the eye and ear. I hope they have felt a connection to the music they have sung, and maybe even surprised themselves with what they could do. I hope they have been able to sense that through participation in music and the arts we are able to transcend into a more connected human experience with much broader and wider perspective."
-Mrs. Rutkiewicz

"I would first like to thank each and every student I have met at OHS for you have impacted my life in a positive way. Secondly, to all students: I implore you to realize every action you take in life has many ripple effects...much like a small pebble hitting the water. Be mindful of those effects on YOUR world. Go be the best version of yourself and continue everyday mindful of your journey. Lastly, if you choose to approach everyday in this way, you will be amazed by what life will bring you."
-Mr. Donahue

"I want to be that teacher that gets to teach my current students' kids. They tell their kids how they remember the impact I had on their lives."
-Mr. Harvey



Congratulations Mrs. Piette on Your Retirement!

Rachel,

You are the face of the Project Success Program. For over 35 years, you have touched the lives of your students, their families, your coworkers and staff that have worked side by side with you. The Best Buddies Club has been a bright light for the last 14 years at OHS. The time that you put into it made it so fun.

I have been blessed to take this journey with you for 35 years in the classroom and 14 years as co-advisors for Best Buddies. I wouldn't have done it any other way. All of your staff want to thank you for setting the tone and bar so high in our classroom. Also, thank you for teaching us so much along the way.

A quote for you: "As you retire, you may be leaving the corridors of this school, but you will never leave the corridor of your students' hearts."

With love and respect,

Lisa

Congratulations Ms. Lacki on Your Retirement!

MaryAnn,

Your long OHS journey (YES 23 years!!) as Spanish Teacher is winding down. We are happy to have been able to join you and share in the fun !! I know you will always remember the long ago days with Ernie and Jimmy, Marty and Helen, remember when we were "Marty's Angels" ? and now the three us, Lacki-Lal-Lirange. Don't forget our CPT discussions and the Field Trip course. The years have flown by and now you are in charge of your next adventure. May it bring the kind of joy that is beyond your wildest dreams. Never stop laughing, always find something to make you smile and enjoy each new day that comes your way.

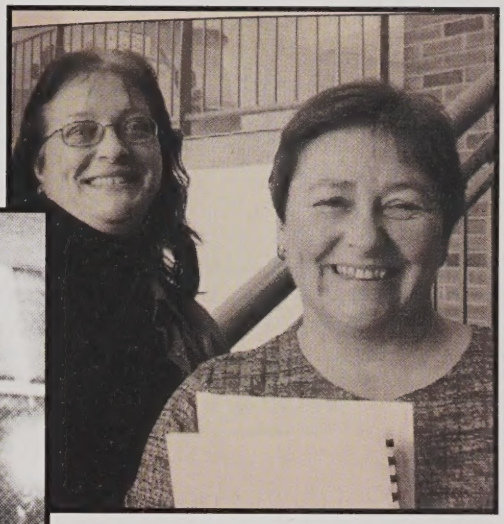
Recuerda, no es la destinación es el viaje.

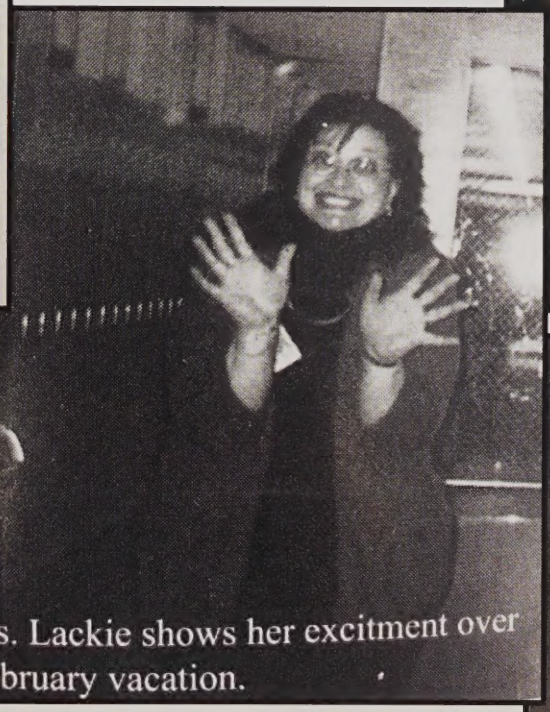
Lo mejor está por venir

Con cariño,
Candy and Pat

"Miss Lacki made learning Spanish fun. A guiding presence and a calm atmosphere allowed you to learn at your own pace easily. If you struggled with a topic, you could be guided through it, while somebody else who got it cruised along with no distractions. Learning Spanish with Ms. Lacki was one of my best experiences at Oxford High School."

-Sam Kann





Ms. Lackie shows her excitment over February vacation.

Thank Your For Your Dedication to OHS!!!

Congratulations Mrs. McDonald on Your Retirement!!

Deb,

For almost 2 decades you have been the heart and soul of the guidance office, taking care of the students and staff. You are always helping in so many ways and not just at work. You are one of the kindest, most thoughtful and most giving people that we know. Whether it's a student, a colleague, a family member or friend, you always go above and beyond to be there for them. You are one of a kind, Deb, and OHS will not be the same without your presence.

Chance made us colleagues, but the fun and laughter we share made us friends.

We wish you the best of luck in your retirement. Looking forward to many more "Diamond Vacations" filled with laughter, adventures and unforgettable memories in the years to come.

We love you Deb and we will miss you very much,
Candy, Cheryl, Patti and Amy

Thank You for Your Dedication to OHS!!!

Farewell from Your Yearbook Staff

A Note From the Editors:

"Thank you to this year's staff for working so hard on this book! We are very proud of how it came out."
-Ms. Castonguay, Adviser

"This yearbook class was a great experience, I'm disappointed that I didn't join yearbook sooner."
-Max Zostant, Senior Editor

"It has been a pleasure working on the yearbook this year alongside the great editors and staff!"
-Rachel Storey, Junior Editor

"I can't write anything sappy about reflecting way back on freshman year, but I will leave you with this, buy a yearbook"
-Tyler Jacques, Sophomore Editor

Max - What a great time in your life? You have so many great opportunities and adventures ahead of you. We are so proud of who you have become and what you have achieved in your young life. You are always the boy scout living by the scout laws. We look forward to your college years and to see where life takes you on your road to adulthood. Be ready to become the person you always wanted to be because your going places. Live life to the fullest! Make sure you seize every opportunity you can and squeeze it till you shake out every last drop. Life is going to be hard, confusing and stressful at times but it is a pretty awesome ride. You will make mistakes and have regrets and that is okay you will learn from them. Enjoy every single moment of your life good and bad.

Congratulations Max and we love you!

Mom, Dad and Sam

We are so proud of you!
Keep reaching for the stars!!

Love, Mom & Dad

Amber,

We are so proud of the beautiful, smart, caring, fun and talented young lady you have become. You have overcome so much and you never let it hold you back. We look forward to seeing what the future holds for you and will always be there for you during your journey. Congratulations! We love you!

Love always,
Mom and Dad

Gina,
As you graduate high school and begin your journey, remember we will always be here for you.

Since you were a little girl, you've always beat to your own drum. Our advice for you is "keep on beating baby"! Don't ever settle and always be true to yourself. We are so proud you. xoxo

Caps off to OUR graduate!

Love, Mom, Dad

YEAR in RE-VIEW NEWS

Rise from the Ashes

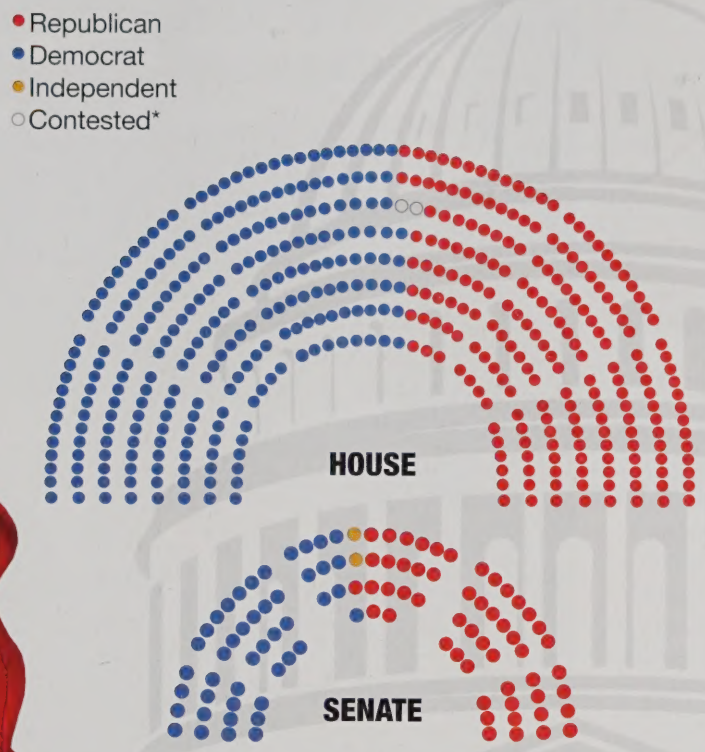
Sorting through the ruins of his former home, Lou Donnelly, left, and his brother-in-law, Donald Weeks, find little remains after the Camp Fire blazed through Paradise, California, in November. The fire, which was California's largest, deadliest and more destructive than the previous seven most destructive fires combined, cost at least 85 people their lives and displaced more than 250,000. Many remained missing as rescue crews continued their search. The Camp Fire burned concurrently with the Woolsey and Hill Fires in Southern California.

Rain, Rain, Go Away

Hurricane season brings two particularly destructive hurricanes to the eastern coast. Hurricane Florence made landfall in North Carolina in September, bringing record-shattering rain and flooding, while October's Hurricane Michael, characterized by heavy winds, was the strongest storm to ever hit the panhandle of Florida. The storms killed more than 90 people and caused billions of dollars in damage.

Stalemate

As the government shutdown stretched on to become the longest in U.S. history, "We're Closed" signs became increasingly common, as seen at the National Zoo and other popular attractions. Over 800,000 federal workers were affected, not including government contractors, when an agreement on funding could not be reached. Those categorized as essential personnel worked without pay while those categorized as non-essential were furloughed starting in December.



Count Me In

The 2018 midterms see the highest turnout in over a century, fueled by a polarized political climate and heightened voter enthusiasm. Democrats easily regained control of the House but failed to win back the Senate, with Republicans gaining two seats to strengthen their hold. A record number of women and people of color won seats, making this the most diverse Congress ever. Nancy Pelosi, the first female speaker of the House, made history by becoming the first person in over 60 years to be reelected after leaving the position.

Royal Delivery

American actress/activist-turned British Royal Meghan Markle, Duchess of Sussex, sports her baby bump. Just five months after her wedding to Prince Harry, Duke of Sussex, in May 2018, Kensington Palace announced the couple was expecting their first child, due in the spring of 2019, with all members of the royal family reportedly delighted by the happy news. Regardless of gender, the baby will be seventh in line to the throne.

Finding Your Balance

A baby goat brings smiles and practices its own balance while perched on an enthusiast's back. With millions of Americans trying yoga each year and more than two million goats in the United States, it was only a matter of time before someone put them together. Though its origins are somewhat murky, the goat yoga trend spread quickly, offering a good time to human and caprine practitioners.

Fighting for Our Future

Levi Draheim, 11, speaks at a climate change rally in Eugene, Oregon. Draheim was one of 21 young plaintiffs suing the United States government for failing to protect the Earth from the effects of climate change. In Juliana v. United States, petitioners claimed the promotion of fossil fuels threatens the survival of future generations.

YEAR in RE-VIEW NEWS

The End of an Era

As the American public pays their final respects to former president George H.W. Bush, the 41st president of the United States, he is also mourned by his service dog, Sully. Bush died Nov. 30, 2018. The year was marked by two major political losses. Senator John McCain died Aug. 25, 2018, from brain cancer. Both Bush and McCain made significant marks during their time in office and were widely mourned by both Democrats and Republicans.

A New Justice

Filling the second vacancy of his presidency, President Donald Trump watches as Judge Brett Kavanaugh is symbolically sworn in by retired Supreme Court Justice Anthony Kennedy with Kavanaugh's wife, Ashley, and daughters, Liza and Margaret, by his side. The ceremony took place shortly after Kavanaugh was confirmed by a Senate majority vote, becoming the 114th justice in the nation's history.

#Blessed

Overcome with emotion, Howard University senior Mya Thompson reacts to Alfred Street Baptist Church's surprise announcement they are paying her tuition and fees balance. The church, one of the nation's oldest African American congregations, donated $100,000 to Howard University, distributed to 34 graduating seniors. They raised the money during a church-wide prayer and fasting campaign where members gave offerings for a community cause, including $50,000 for Bennett College.*

A Narrow Rescue

Twelve boys and their coach are in good health after their rescue from a flooded cave in Thailand. The soccer team was trapped for more than two weeks after heavy rains blocked their way out. Thai Navy Seals swam through narrow passages to reach the boys in what they referred to as one of their most dangerous missions, even leading to one Navy Seal's death.

"Not a Woman in Science"

The 2018 Nobel Prize in Physics was split, with half awarded to Arthur Ashkin, and the other half jointly to Gérard Mourou and Donna Strickland. The work of all three centers on laser physics, but Strickland received extra attention for being only the third woman to receive the prize in its 118-year history. In interviews following the announcement, she made it clear that she sees herself "as a scientist, not a woman in science."

Truth in Journalism

"The Guardians and the War on Truth" rose to the top of TIME Magazine's Person of the Year. They were journalists whom world leaders and governments tried to silence. Four separate covers featured either slain Saudi journalist Jamal Khashoggi; Maria Ressa, founder of the online news site Rappler; the wives of Reuters reporters Kyaw Soe Oo and Wa Lone holding pictures of their husbands who are imprisoned in Myanmar for reporting on the killing of Rohingya Muslims; or the staff of the Capital Gazette in Washington, D.C., where a gunman opened fire. TIME chose them to highlight the importance of journalism in the world and the need for truth and accountability. A few other short-list candidates included separated families, Dr. Christine Blasey-Ford, Black Panther Director Ryan Coogler and March For Our Lives activists.

YEAR in RE-VIEW

ENTERTAINMENT

A Marry Christmas Season

December becomes a month of "I do" for celebrities. Fans learned singer Nick Jonas and actress Priyanka Chopra wed in lavish dual Christian and Hindu ceremonies in India after a four-month engagement. Singer Miley Cyrus and fiancé Liam Hemsworth wed in an intimate home ceremony fans only discovered through their Instagram accounts. Both weddings followed the official confirmation in November that singer Justin Bieber wed model Hailey Baldwin.

The New Playground

The hugely popular game Fortnite: Battle Royale continues to be a hit with children and teens, garnering over 200 million users worldwide. Groups of 100 battled virtually on an island where they fought to be the last player standing while avatars dressed in costumes and pulled out dance moves. The free download allowed users to collect weapons and resources as they played individually or in groups across multiple platforms.

A Pantone Year of Fashion

Supermodel Ashley Graham, recently named Fashion Force of the Year by Daily Front Row during New York Fashion Week for her body positivity activism, shows off some of the year's hottest fashion trends, such as neon colors. Neons and corals were seen everywhere from celebrity fashion to Pantone® Colors of the Year. Other popular trends included distressed denim, crop tops and tube tops, waist bags a.k.a. fanny packs, scrunchies, expensive athletic shoes, vintage-style glasses with semi-translucent frames, bike shorts and cargo pants, with many nods to early 90s fashion.

MOVIES in REVIEW

Popular movies of the year

- Venom
- Bird Box
- Avengers: Endgame
- Captain Marvel
- Aquaman
- Fantastic Beasts: The Crimes of Grindelwald

The Audio Experience

The popularity of podcasts continues to grow. In 2018, it was estimated that 73 million people listened to podcasts in the United States and this number is expected to increase to an estimated 132 million listeners by 2022. Popular podcasts included *This American Life*, *Serial*, *The Stuff You Should Know* and *Dear Hank & John*, hosted by young adult author John Green and his brother, Hank.

Countdown to a Billion

Worth $900 million, Forbes features Kylie Jenner, 21, on the America's Women Billionaires cover as on track to become the youngest ever self-made billionaire. As a joke that went viral, Instagram celebrity Josh Ostrovsky started a GoFundMe page to help Jenner reach $1 billion.

Famous, Fabulous and Influential

Queen of Soul Aretha Franklin, 76, passes away in August, but her legend endures. Four days of mourning, with a memorial service in her hometown of Detroit, featured celebrity tributes and fabulous fashion inspired by the diva. Franklin saw more than 100 of her singles place in the Billboard charts, received a Grammy Lifetime Achievement Award, was the first woman inducted into the Rock and Roll Hall of Fame and was bestowed a Presidential Medal of Freedom.

Going Gaga

Lady Gaga is all smiles following the success of the film "A Star Is Born." Her performance and music were showered with praise, receiving awards and nominations at the Golden Globes, Oscars, Grammys and Screen Actors Guild awards ceremonies, among others. Gaga co-wrote and performed much of the film's original music, including lead single "Shallow." Her stand-alone music received recognition, with the song "Joanne (Where Do You Think You're Goin'?)" earning Gaga another Grammy.

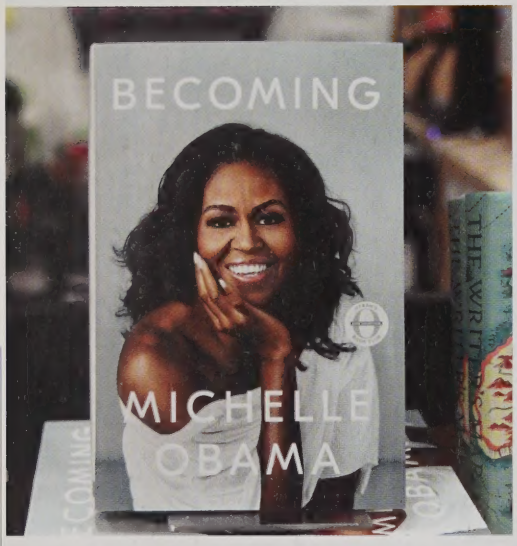
YEAR in RE-VIEW
ENTERTAINMENT

A New Way to Watch

Don't like the ending? Choose another! Netflix is now offering "choose your own adventure" options. They started the interactive options with shows for young watchers, then brought it to older audiences with the "Bandersnatch" episode of the science fiction show "Black Mirror." Viewers were given the opportunity to choose their storyline, making choices about everything from music to the character's reactions.



From First Lady to Bestselling Author

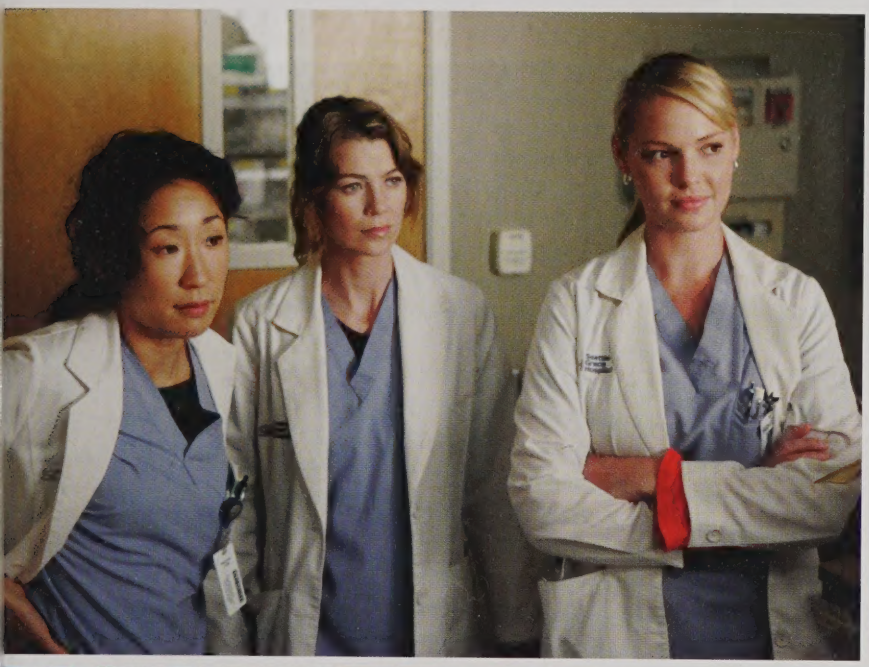
Michelle Obama's memoir, "Becoming," quickly becomes one of the most popular books of the year, selling more than 1.4 million copies in its first week. In its pages, the former First Lady shared stories of her life, from her childhood on the South Side of Chicago to her role as part of the first black presidential family in the White House.

Spice Up Your Life

In November, the Spice Girls officially confirm their widely anticipated reunion. The group, sans Victoria Beckham a.k.a. Posh Spice, announced 19 events thus far in the United Kingdom and Ireland throughout May and June of 2019. Widespread excitement from everyday fans as well as celebrities, such as Adele's Instagram post, accompanied the announcement.

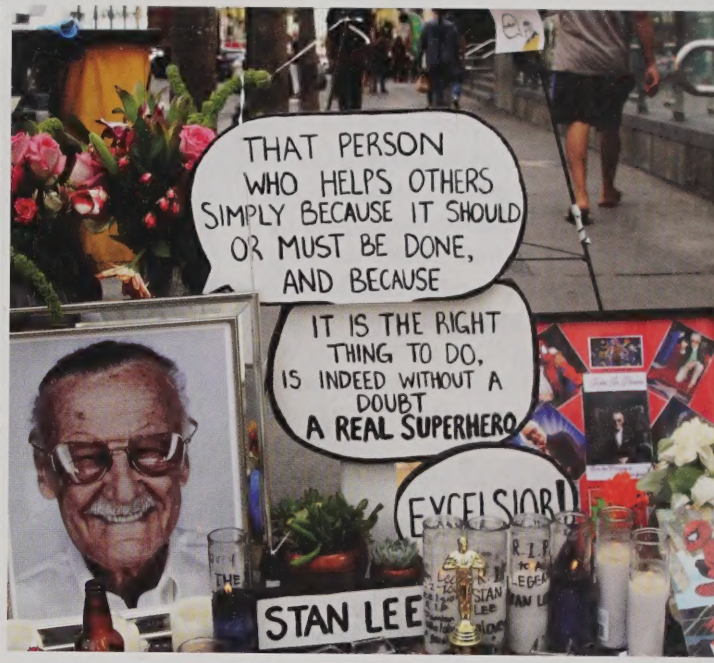
Bingeing on Nostalgia

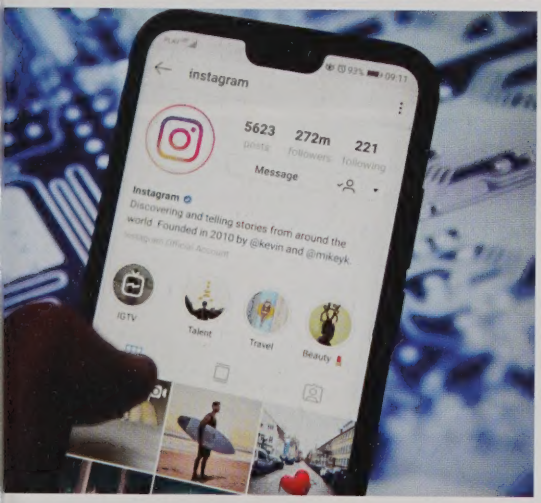
People show their nostalgia, with "The Office," "Friends," "Parks and Recreation" and "Grey's Anatomy" holding as the most-streamed shows on Netflix. On the airwaves, NBC's "Manifest," ABC's "The Conners," and the CBS procedural "FBI" were among the most popular new shows. "The Big Bang Theory" and spinoff "Young Sheldon" continued to be fan favorites, while "This Is Us," "The Good Doctor" and "The Voice" maintained their history of strong ratings.



Marvel's Marvels

The release of the highly anticipated films "Captain Marvel" and "Avengers: Endgame" is a bit bittersweet following the death of Avengers co-creator Stan Lee. Lee, 95, was credited with revolutionizing the superhero and comic book genre by portraying flawed characters like the Hulk, Doctor Strange, Spider-Man, Thor, Iron Man and the X-Men. He was known for his frequent cameos in Marvel Universe films.





Swipe Left

Instagram faces massive backlash in late December after an update made users swipe left to right to see stories instead of scrolling down. Instagram said a glitch accidentally sent an update that was supposed to only test a small group of users to everyone instead. Users complained that they would delete the app if the previous layout was not restored and Instagram fixed the bug the same day.

What a Handful

Cradling her four Grammys, Kacey Musgraves celebrates a successful night at the Grammys. Musgraves won Album of the Year and Best Country Album for "Golden Hour," Best Country Song for "Space Cowboy" and Best Country Solo Performance for "Butterflies," tying with Childish Gambino for most awards of the evening. She became the first country artist since Taylor Swift to win Album of the Year.

Photo credits: Newscom

YEAR in REVIEW SPORTS

Vive la Champions

France beats Croatia 4-2 to win the 2018 FIFA World Cup title. In a dramatic blow, Croatia's forward, Mario Mandzukic, sent the ball to the wrong goal by mistake, scoring for France. Kylian Mbappe, 19, scored a goal just over an hour into the game, joining Brazilian soccer star Pele in history as the only two teenagers to score at a World Cup Final. French coach Didier Descamps said France would be "on top of the world for next four years."

Objective: Victory

Gamers fight a virtual battle in October, seeking to win the 2018 eSports World Convention finals. As the popularity of eSports grew, massive arenas were built and competition prizes topped $1 million. One study found young gamers spent more time watching other people play video games online than they spent watching traditional sports on television.*

Feel the Glove

After a win in game 5, Eduardo Nuñez and Xander Bogaerts of the Boston Red Sox celebrate their ninth World Series championship. The defeat of the Los Angeles Dodgers included a nail-biting 18-inning game, which was the Dodgers' only victory in the series. It was especially impressive for being Alex Cora's first year as a manager in the Major Leagues. The Red Sox ended the season 119-57.

Westward Bound

After a free agency move to the Los Angeles Lakers, NBA star LeBron James still works to overpower opponents. James moved to L.A. despite an incredibly successful streak in Cleveland, where the Cavaliers made it to four consecutive NBA finals. While James got off to a winning start with the Lakers, an injury on Christmas Day caused him to miss several games while he recovered.

Suit Yourself

Outrage explodes when French Tennis Federation President Bernard Giudicelli says he intends to introduce a dress code following Serena Williams' formfitting catsuit as "one must respect the game and place," and that her outfit would no longer be accepted. Williams wore the outfit in her first Grand Slam appearance after giving birth to help protect her from blood clots and said the outfit made her feel like a "queen from Wakanda." Tennis legend Billie Jean King called it a "policing of women's bodies."

Don't Pull Me Down

Fighting to regain the ball, Los Angeles Rams cornerback Marcus Peters grips New England Patriots wide receiver Cordarrelle Patterson as he advances with the ball during Super Bowl LIII in Atlanta. The Patriots won 13-3 in their sixth Super Bowl victory, tying with the Pittsburgh Steelers for most Super Bowl titles, and Julian Edelman was named MVP of the game. It marked the lowest-ever Super Bowl score and the fewest touchdowns in a Super Bowl game.

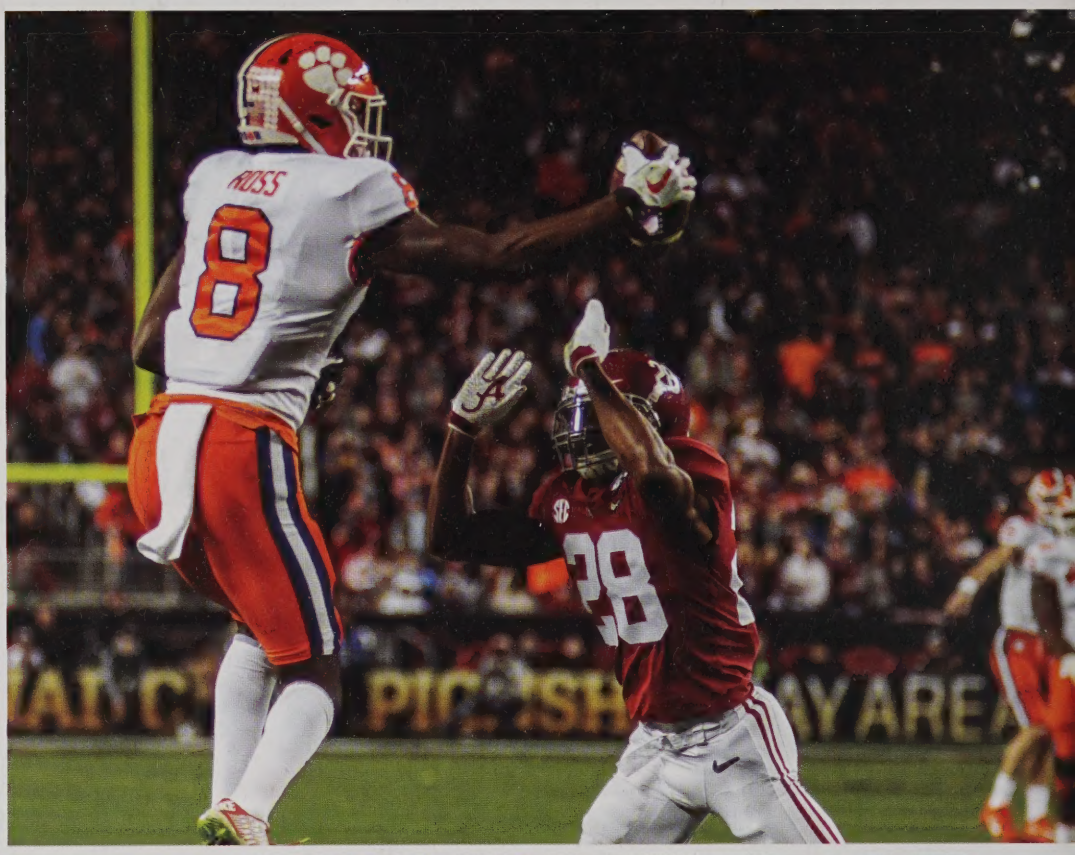
**National Federation of State High School Associations 2017-18 Athletics Participation Summary

YEAR in RE-VIEW SPORTS

Changing Tide

In their fourth matchup in as many years, Clemson wide receiver Justyn Ross thrills fans with a one-handed catch in the air during the NCAA College Football National Championship in Santa Clara, California. The Clemson Tigers dominated the number one ranked Alabama Crimson Tide 44-16. Freshman quarterback Trevor Lawrence proved a force to be reckoned with, throwing for 347 yards and three scores.



Battle of the Ages

The NFL's two conference title games are notable for their quarterbacks: in both games, established longtime quarterbacks face off against NFL newcomers. The Los Angeles Rams, with 24-year-old quarterback Jared Goff, beat the New Orleans Saints and 40-year-old quarterback Drew Brees to secure the NFC championship. For the AFC championship, experience won out over youth, with the New England Patriots and 41-year-old quarterback Tom Brady beating the Kansas City Chiefs and 23-year-old quarterback Patrick Mahomes, who was named the 2018 NFL MVP. The 16- and 18-year age differences were the largest in any conference title game.

The Expansion Pack

Fans gather to symbolically break ground for a hockey arena after December brought an announcement by the National Hockey League that a 32nd franchise would be added and based in Seattle. Though the team will not play until the 2021-2022 season, fans already speculated what their name would be. Major League Soccer expanded to 27 teams, adding in Austin, Cincinnati, Miami and Nashville, while a number of cities competed for the final 28th franchise.

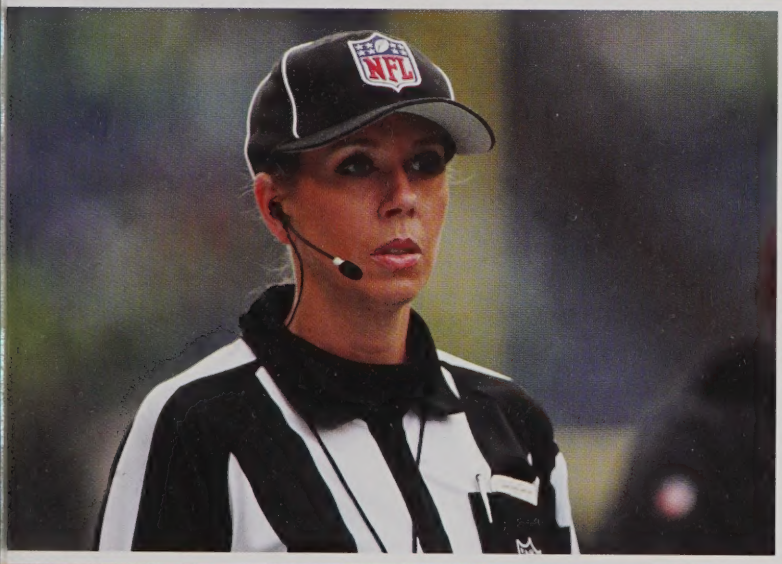
Walsworth yearbooks

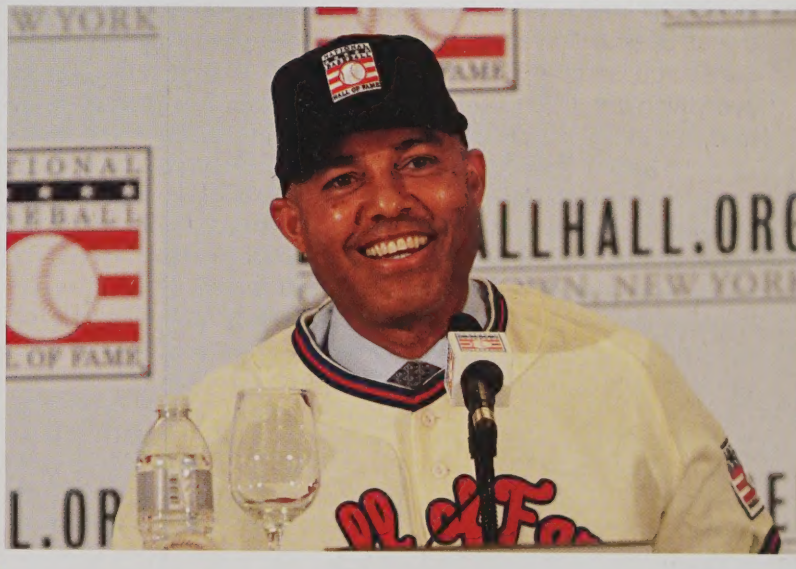
Ballet on the Big Screen

Ballerina Misty Copeland makes strides in the ballet world. At the esteemed American Ballet Theatre, she and Calvin Royal III became the first black couple to dance lead roles. They performed in the Harlequinade as Pierrette and Pierrot. She also danced as the Ballerina Princess in "The Nutcracker and the Four Realms," a cinematic adaptation of the famed Tchaikovsky ballet.

Raising the Bar

Simone Biles doesn't slow down after dominating the 2016 Olympics, becoming the most decorated female gymnast of all time. The 21-year-old Texan continued to dominate the U.S. gymnastics scene in 2018. She shone at the World Championships in Qatar, medaling in all six events despite being hospitalized with a kidney stone the night before qualifying.





First Lady of Football

Breaking another glass ceiling in a sports arena, Sarah Thomas becomes the first female to be an on-field official during the postseason. She was one of the referees during the playoff game between the Los Angeles Chargers and the New England Patriots. Thomas already made history by becoming the first female referee to officiate a college bowl game, as well as the first full-time female referee in the NFL.

Recognizing a Legend

While all MLB players dream of joining the Hall of Fame, former New York Yankees closer Mariano Rivera tops that by becoming the first player to be unanimously voted in. Rivera, who did not even make it into the majors until he was 25, was a 13-time All-Star, a World Series MVP and anchor to five winning World Series Yankees teams. Rivera holds the record for all-time saves and was known for the cutter pitch that shattered many a bat.

YEAR in REVIEW
SCIENCE/ TECHNOLOGY

Powerful Science, Great Responsibility

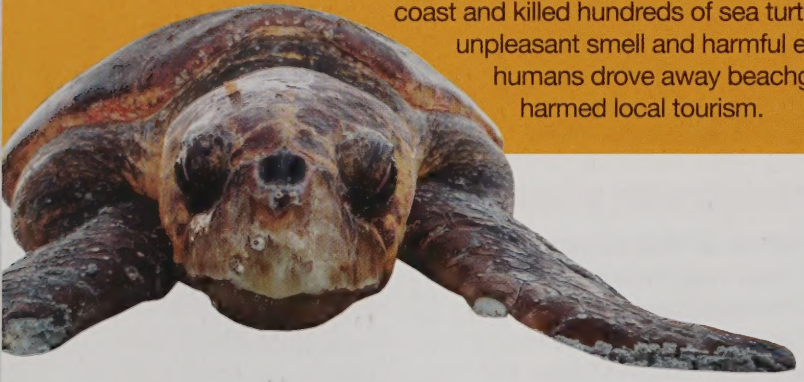
Excitement spreads through the scientific and medical community about the possibilities made available through the genetic engineering tool CRISPR (Clustered Regularly Interspaced Short Palindromic Repeats). However, ethical concerns were raised when Chinese scientist He Jiankui announced his use of CRISPR to alter the DNA of two twin girls, making them resistant to HIV. His actions were widely condemned by the worldwide scientific community for not following scientific protocol.

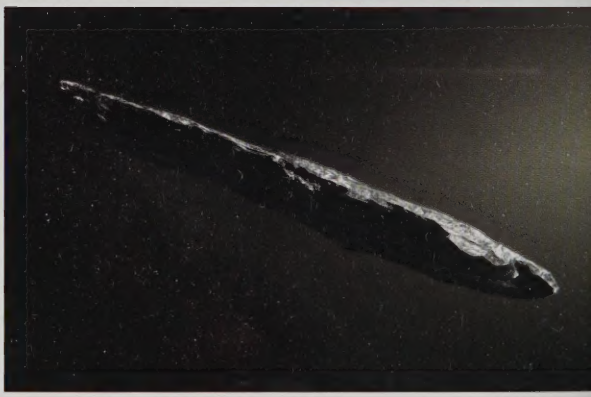
Breaking Radio Silence

Scientists at the Canadian Hydrogen Intensity Mapping Experiment (CHIME) in British Columbia discover repeated radio blasts coming from space – 13 in three weeks and 6 in the same location. These millisecond-long bursts required the amount of energy the sun produces a year. Speculation abounded as to the source, and theories included everything from alien transmissions to an exploding star.

Red Death

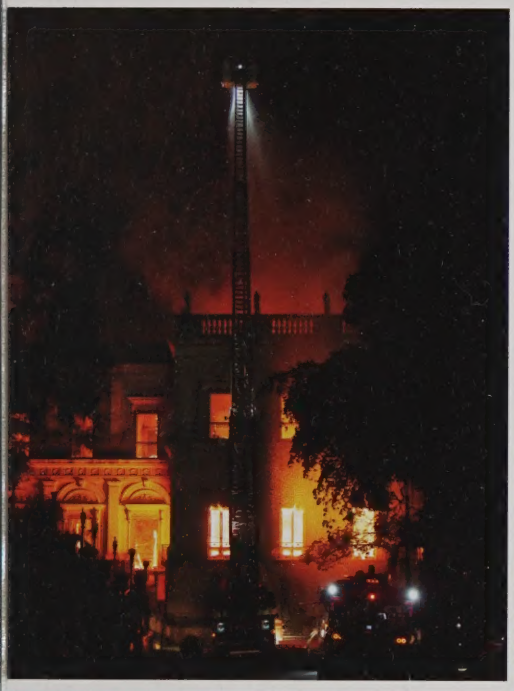
Toxic red tide, the nickname used to describe massive blooms of Karenia brevis, has a conservation team rushing to the aid of this sick sea turtle. The algae was naturally occurring, but runoff from cattle farms and residential development encouraged growth to dangerous amounts. The resulting red tide killed millions of fish in the Gulf of Mexico, harmed wildlife along a 100-mile stretch of Florida's coast and killed hundreds of sea turtles, as the unpleasant smell and harmful effects to humans drove away beachgoers and harmed local tourism.





First Contact?

What appears to be an asteroid quickly travels through the solar system in 2018. Named 'Oumuamua – Hawaiian for "a messenger that reaches out from the distant past" – its unusual shape and speed caused some scientists to speculate that the object may have been created by an alien civilization. The theory was not widely accepted by researchers.



Losing our History

Flames engulf Brazil's National Museum in September, destroying most of the 20 million artifacts. People around the world mourned the devastating loss of heritage which included paleontology fossils, indigenous South American cultural artifacts, anthropological finds, Brazil's largest meteorite and Egyptian mummies, to name a few. It was the largest museum in South America, Brazil's oldest historical institution and former home of the Portuguese royal family.

Mosquitoes on a Diet

The key to reducing mosquito-borne diseases may be a diet, at least for mosquitoes. Female Aedes aegypti mosquitoes don't eat for days after a large feeding, so scientists at Rockefeller University tried to simulate that with a human diet drug and succeeded! A solution that tasted like blood mixed with an appetite suppressant drug left the mosquitoes disinterested in human feeding, giving hope it could be used in outdoor traps to help reduce the spread of the Zika virus, yellow fever and dengue.

Polar Extremes

A milk cow tries to keep warm in -28 degree weather in New Prague, Minnesota, before being milked at Metogga Lake Dairy. A warm front moved warm air into the arctic regions in late January and pushed the polar vortex cold air farther south, leading to record-breaking temperatures in parts of the north and Midwest. Parts of Iowa and Minnesota saw wind chills reach -50 and -60 degrees, and Chicago had to light railroad tracks on fire with kerosene-soaked ropes to keep them operational.

YEAR in REVIEW

SCIENCE/ TECHNOLOGY

Looking to the Past

Genetic testing kits like 23andMe and Ancestry continue to grow in popularity. Their use helped investigators find crime suspects and solve decades-old cold cases. There was also a downside, with some users finding unexpected results, leading to uncomfortable family talks.

Seeing Red

November marks a major space exploration accomplishment as NASA's InSight spacecraft lands on Mars. The journey was especially tricky because InSight was too far away to pilot the landing, so the craft landed itself, slowing from 12,300 mph in 6.5 minutes. InSight embarked on a two-year geologic core study, which scientists hope will help them better understand why two rocky planets like Mars and Earth are so geologically different.

A Bite of the Profit

Strong sales and a loyal following of users helps Apple reach a financial milestone in August: it becomes the first U.S. public company worth $1 trillion. However, disappointing sales of the new iPhone XR and iPhone XS, as well as concerns about smartphone addiction and planned obsolescence, were factors in the company's subsequent drop below the $1 trillion mark.
